COVINA CARNIVAL PROGRAM TO BE BIGGEST EVENT IN YEARS

CHILDREN'S SPORTS IN THE MORNING — INTER-SCHOLASTIC FOOTBALL GAME—CAFETERIA AND BARBECUE—AUTOMOBILE HORRIBLES—FIREMEN'S WATER BATTLE—EXHIBITION DRILL AND GUARD MOUNT BY COAST ARTILLERY —INTER-SCHOLASTIC FOOTBALL—BASEBALL GAME WITH FRANK CHANCE VAMPING—FRATERNAL PARADE, DRAMATICS AND DANCE—PRODUCTS EXHIBITS—FULL DAY OF DIVERSIFIED ENTERTAINMENT.

During the coming week the city of Covina will be strung with red, white and blue colored electric lights on the main street, through co-operation with the Southern California Edison Company, and every store building will be decked with American Liberty bunting and flags, in preparation for the patriotic carnival to be held here all day and evening of Saturday, October 6, for the benefit of the enlisted men's mess fund of the San Gabriel valley.

Although Covina city began preparations for this event more than a month ago, the proclamation has just been issued by Gov. William D. Stephens, making the week of October 6 a week of patriotic demonstration throughout the state. Covina is therefore the first city in the state to announce its full program, carrying out in every detail the wishes of the chief executive of the state of California.

CHILDREN'S SPORTS

The Covina grammar schools, under the direction of Miss Eva D. Edwards, assisted by Mr. Sterling, have prepared a program of sports for the morning. These will be run on the main street, which will be roped off for the occasion. The full program will be announced next week. A feature of the morning as a wind-up to the sports will be the throwing of a thousand coins by the Covina merchants from the tops of the buildings. There will be an exhibition drill by the children of the Masonic Home.

The football game between Monrovia and Covina high schools is scheduled for Saturday afternoon on the high school grounds. This game will bring hundreds of football fans, and opens the football season for the San Gabriel valley.

THE CHAMBER OF COMMERCE

The Covina chamber of commerce barbecue takes place at noon at the vacant lot opposite the First National bank, which will be under canvas. Clarence Allison and George W. Griffiths, heroes of many a barbecue of past years will be in chef uniform, and will handle the situation with their usual skill. In the same tent will be a big products exhibit, running the gamut of everything that is raised in the valley. Oranges and lemons will be sold in small boxes later in the day to swell the mess-fund. Potatoes and other exhibits will also be auctioned off. A committee under the direction of William Hoogen-dyk is scouring the country for exhibits, which must all be brought in by the night before. If ranchers have no way of getting them in they will be sent for, but to aid in getting the exhibit together without a great amount of work, each rancher is asked to bring the exhibit in the night before if possible.

MCKEE SISTERS COMING FOR O. E. S.

La Paloma Chapter, Order of the Eastern Star, has achieved a triumph in arranging for its program for next Thursday night at the high school auditorium, when the ladies will raise money for the enlisted men's mess fund.

Miss Margaret McKee, famous throughout the state for her exquisite whistling, whose numbers alone will be worth twice the price of twenty-five cents admission, will give liberally to the program with whistling overtures and bird imitations, while her sister, Miss Leah McKee, equally talented as a reader, will give humorous sketches. These girls are appearing in programs all over the state in the interests of the Red Cross and other patriotic organizations.

Miss Dorothy Bryan will contribute a number in classic dancing in costume, and there will be vocal solos by Mrs. Henry L. Marshall and Miss Leta Nash.

Two other numbers will be furnished by the Covina male quartette, and there will be an exhibition drill by the boys of the Masonic Home. Full program will be issued during the coming week.

DANCING CLASSES

Miss Bertha Yeend will form Juvenile classes Friday, October 12th, at 4 p. m. Adult beginners, at 7 p. m. Adult advanced at 8:30, at Woman's Club house.

Exhibits will of course be accepted on Saturday morning.

WOMEN WILL SERVE

The Monday Afternoon Club of ladies will run a big cafeteria lunch at the clubhouse from noon on as long as people are hungry. This will be one of the big, substantial features of the day.

The W. C. T. U. will serve hot meals from noon on through the day, where anything from a roast beef sandwich to a full course dinner will be coming up on request. The women of both these organizations will find plenty to do to feed the great crowd of visitors.

AUTO MEN AND FIREMEN

The first event in the afternoon will be the spectacular and mysterious stunt to be put on by the auto men's association, consisting of a parade, which will wind through the city streets, and which will end at the grounds where the Covina and Glendora firemen will put on a water battle and exhibition.

THE COAST ARTILLERY

The exhibition drill and guard mount by Twelfth Company, Coast Artillery, under command of Captain Brown, will take place on the high school grounds following the firemen's battle, participated in by the coast artillery band.

This will be followed by the baseball game between the Coast Artillery and R. A. Welch's Invisibles, the latter team gathered from Monrovia, Azusa, Glendora, and Covina, with the game umpired by the "Peerless One," Frank Chance, whose ranch home is at Glendora, and who is one of the most patriotic men in the state.

THE KNIGHTS OF PYTHIAS

Shortly after seven o'clock, Covina Lodge, No. 102, Knights of Pythias, will head a parade of all the lodges of the Citrus Belt Association, with the Covina band in the lead. There will be symbolic floats entered from all the lodges. The parade will terminate at the woman's clubhouse, where the Pomona lodge will stage the beautiful drama, "The Lesson in Friendship." This will be followed by a jitney dance. All proceeds are for the mess fund.

MANY SALES BOOTHS

Along the main street and in the store buildings there will be many booths, operated by the D. A. R., the Covina high school girls, the lodges and associations. One pretty affair will be directed by Miss Rosita Kereckhoff in the Finch building, assisted by Mrs. P. E. Letchworth and a corps of patriotic ladies. This will be a Parisian tea-garden.

The official score card of the day, containing the announcement of every event will be printed and will be on distribution next week.

CORPORAL COMAN WRITES FROM NORTH CAROLINA

Corporal Ellis Coman, son of Mr. and Mrs. C. W. Coman, of this valley, writes his parents of the splendid spirit and happy-go-lucky atmosphere of the great camp in North Carolina, to which he has recently been assigned.

Corporal Coman was in the Oregon Agricultural College when he enlisted, and joined the engineering corps. He completed military work with his contingent at American Lake, and was transferred to North Carolina.

Aside from the long days of hard work, Coman speaks with admiration of the sports and entertainments, especially of the singing by Carolina negroes. These latter are secured for a small sum to come to camp and sing and play the banjo.

AZUSA HOST TO BLUE LODGES

Reunion of Masonic Fraternities of Fifty-Ninth District is Notable Affair in Lodge-Rooms of Parent Organization—Thomas F. Griswold as Worshipful Master Reflects Credit on the Craft.

Homecoming night for members of the Masonic fraternity from all over the San Gabriel Valley, and which brought a number from long distances, was celebrated last Thursday evening in the lodge-rooms in that neighboring city, with the hall filled with prominent citizens who have claimed this lodge as the starting-place in their Masonic history.

Many members said that the affair possessed a warmth and a genuine feeling of brotherhood that is not always achieved, and the reason was easy to trace, in that the old lodge has been the parent of many others that have grown up as the valley has been reclaimed from acacia and sunflowers to hundreds of acres of orchards. A special significance was lent to the occasion by the presence of such a large number from a distance. One old member, O. M. Huber, came across the state from Porterville for the express purpose of being present.

The particular lodges represented were those who are kith and kin children of Azusa lodge. The family tree, showing the growth of the Masonic fraternity in the valley is as follows: Lexington Lodge, No. 104, instituted May 15, 1856, when all the San Gabriel valley was a desert and a plain with the exception of the green cienega at El Monte; Azusa, No. 305, instituted June 18, 1891, the first child of old Lexington Lodge; Monrovia, No. 308, instituted July 6, 1891; Covina No. 334, instituted October 25, 1898; Glendora, No. 404, instituted June 3, 1909; La Puente, N. 446, instituted May 18, 1914.

The business of the evening was the exemplification of the third degree on a candidate by the past masters of Azusa lodge. The work was conducted by Thomas F. Griswold of Covina, one of the early masters of Azusa lodge, and his handling of the ritual was very warmly praised by everyone present. Although the venerable past master is seventy-eight years of age, he retains his splendid grip on the ritualistic work, and went through the long lectures

without once being at a loss. This is an achievement envied by all members of the fraternity.

He was assisted by the following: W. H. Heth, S. W.; Edwin Mace, J. W.; J. C. Mathias, treasurer; T. F. Heth, secretary; R. B. Bidwell, marshal; W. J. Wade, J.; C. L. Smith, J.; George Martens, chaplain; J. W. Calvert, S. D.; C. H. Lee, J. D.; L. S. Poage, S. S.; I. D. Roach, J. S.; G. W. Juden, tyler; W. A. Sheldon, F. C.; Don D. Morgan, F. C.; O. H. Huber, F. C. The place of Jacob Brunjes, who died recently, but who had been scheduled to take part in the work, was taken by J. L. Matthews of Covina.

The affair will be long remembered by the blue lodges of the fifty-ninth district, who appreciate the fact that this pioneer institution in Azusa has been largely responsible for the splendid growth of the Masonic brotherhood throughout the valley.

MAKING A MISTAKE

C. A. Griffith, manager of the big A. P. Griffith estate, which lies between Covina and Azusa, said last week in a conversation that he had discovered a number of ranchers who were figuring on skipping a fumigation this year. This, he said, was a very bad mistake. The Argus has constantly held this matter of annual fumigation before the attention of the people of the valley—not because the newspaper knew any particular, or mysterious secrets about the matter of fumigation, but because it has come to be known as an undeniable fact that if the groves are not fumigated every year in this valley there is a very heavy loss in the earning power of the groves.

The big men of the valley—the men who have been raising citrus fruits for years, and who have large acreages, will tell you that it is a very bad blunder to try to skip a fumigation in Los Angeles county. It is a costly blunder. The scale has by no means been killed by the hot weather of the summer. Nothing could be further from the fact. Money borrowed at the bank at a high rate of interest, if necessary, will bring big results if used for fumigation every year, because the lack of a fumigation will mean the partial or complete loss of a valuable crop worth many times more than the cost of fumigation.

Luncheon guests of Mrs. George Van Vliet Tuesday were a sister, Mrs. Arthur Crabb and son of Pomona and Mrs. L. H. Harris and daughter.

COVINA HIGH ELECTS CLASS OFFICERS

All of the feverish excitement of a close presidential election was manifested within the ranks of the juniors the past week, for they tried three times before they were able to elect an executive, each trial resulting in a deadlock. However, "the third time is a charm," and the third time Robert Runyan emerged victorious over Joseph Newlan, by a small majority. This will make Bob's second term. The other junior officials are: vice-president, Lucinda Beatty; secretary, Emogene Arthur; treasurer, Earl Colver; member of executive committee, Wesley Leighton.

NIGG IS ELECTED

The sophomores also held their election, but with much less excitement and delay. They have more regard for the nervous systems of their candidates than the juniors have shown. However, the junior candidates have stood the strain well. The new officers for the sophomores are: president, Harold Nigg; vice-president, Carroll Nye; secretary, Lucy Warren; treasurer, Irving Anderson; member of executive committee, Pryor Letchworth.

Until the freshmen have become acquainted with one another they will not elect officers. Their motto is, "Look before you leap."

TWO FOOTBALL TEAMS

Football is progressing nicely, with two full teams out for practice. No injuries have been reported, although it is noticed that the fellows have become aged and rheumatic in their joints. Or perhaps, it is stiffness from football scrimmage. The latter diagnosis is believed to be true, by the fellows themselves. They ought to know. Next Saturday (tomorrow) we play a practice game with Fullerton, at Fullerton. Last year Covina played Fullerton to a 0-0 score, early in the season. Later, Fullerton was runner-up for state championships. We hope to do better than tie them this year. It will be a close hard-fought game from the start. Rooters from Covina will be appreciated.

DONALD WARNER, '18.

Mrs. Fred Pearl of Trinidad, Colorado, is visiting with her daughters, Mrs. F. M. Clark and Mrs. John Caddell and her sister, Mrs. J. W. Groover. She expects to remain in Covina five weeks or more.

Southern California Edison Company

Offers Subject to Prior Sale

\$917,400 Common Capital Stock

Following the precedent established by other large utilities in the United States, the Southern California Edison Company under the authority of the Railroad Commission of the State of California, offers its consumers and the public an opportunity to secure an attractive investment upon very reasonable terms.

The Company owns or controls a comprehensive and thoroughly modern electric system supplying over 150 cities and towns. It operates in ten counties in Southern California and the San Joaquin Valley, with an area of over 55,000 square miles and a population of over 1,000,000.

The Edison System includes generating plants with a total installed capacity of 301,115 horse-power, of which 150,520 is water power. With this large amount of hydro-electric power it is in a strong position to maintain its present low operating costs, regardless of fuel and labor conditions.

During the past ten years the combined gross and net earnings of the properties have more than tripled, and present earnings are ample to meet all dividend requirements. As a result of the purchase of the Pacific Light & Power Corporation properties large economies in operation will be effected, thus materially increasing the surplus available for stockholders.

That Roof Again

It is time you were giving it a thorough inspection; it is much better to do it now than to wait until after the first rain of the season. True, you probably would not have to climb up on it to inspect then, but to offset that little effort you will probably be put to the expense of retinting several walls and ceilings.

We know from experience that the first rains drive lots of people to fixing their roofs. Why wait to be driven when it costs less to do it now.

We have everything for the roof, shingles, shakes and all kinds and grades of roll roofing. We also contract to repair or lay complete any kind of built-up composition roofs.

and ask him if he fully realizes that hundreds of thousands of dollars in citrus fruit production for the coming year hangs in the balance on one question--FUMIGATION. The man who has plenty of money will fumigate his orchard this year as in other years--but what of the man who is short of cash because of the light navel crop this year? Every effort should be made to finance him, in order that he will not lose his crop next year.

Not only annual fumigation by individuals, but annual fumigation by the ENTIRE LOCALITY, is necessary for complete success. That is why individuals who always fumigate annually are interested that ALL GROWERS fumigate. Annual fumigation is a COMMUNITY QUESTION, not a matter of individual choice. J. T. LINDLEY, manager for sixteen years of the great Slauson 600-acre orchard between Azusa and Covina says that he can be quoted at any time and in any place as urging most earnestly the annual fumigation of citrus fruits. C. A. GRIFFITH, executor and mana-

ger of the A. P. Griffith orchards, and now associated with Mr. Lindley, underwrites this statement.

In our advertisements we have already quoted managers of many other great estates. "Spraying to eliminate citrus scale pests is one of the greatest crimes ever committed against the citrus industry," says one of these managers.

We can assure you that cyanide can be obtained in sufficient quantities to supply all needs for this year. Give this your most serious thought.

Yours in mutual interest,
